October 18, 2018
Selling Microsoft 365 through Security
& Compliance

Agenda for today

SYNNEX 4-1-1 Updates

Brent Ayers – Microsoft Cloud Account Manager, SYNNEX

10 min.

Security & Compliance with M365

Woody Walton – Sr. Partner Technology Strategist, Microsoft

45 min.

O&A

5 min.

SYNNEX Microsoft Capture the Cloud 4-1-1

- SYNNEX Exclusive Reseller Offers & Promotions
- New Reseller MCA Acceptance Requirements
- Office 365 Government GCC Exclusive

Microsoft O365 & Azure Throwdown

From October 1 – December 31, 2018, earn an array of fantastic prizes ranging from training credits to devices to an all-day onsite training/networking event when you sell O365 & Azure! For each prize level, there is 1 winner for Azure and 1 winner for O365, not to mention an additional "Kicker" category so everyone has a chance to cash in.

- 3rd Place Winners (2) Global Knowledge Training Credits
 - Company who has 3rd best growth of their O365 & Azure business from October 1st invoice December 1st invoice
- 2nd Place Winners (2) Surface Pros 2 devices to ea. winner
 - Company who has 2nd best growth of their O365 & Azure business from October 1st invoice December 1st invoice
- 1st Place Winners (2) One on One Training and Social Event
 - Company who has best growth of their O365 & Azure business from October 1st invoice December 1st invoice
- Kicker Prize (6) Surface Go
 - Sell 20K in MRR in O365 by December 1st invoice with SYNNEX (Limit 3 winners, 1 device ea.)
 - Sell 15K in MRR in Azure by December 1st invoice with SYNNEX (Limit 3 winners, 1 device ea.)

Ts&Cs: Maximum total value of \$32,000 in prizes. Each threshold will have 2 winners – 1 for Azure sales and 1 for O365 sales. Partners are limited to 1 prize threshold per product category and will be awarded the highest eligible payout threshold for the promotion. For Kicker Prize, if limit of winners is exceeded, then highest total will be used to determine winner. Contracts cannot be bundled for thresholds. Limited quantities available. Full eligible SKU list available in Promo Central.

Impacting all CSP partners:

Reseller MCA Acceptance Requirements

We are committed to helping our customers and partners stay compliant. As a partner in Microsoft's <u>Cloud Solution Provider (CSP) program</u>, you are responsible for reviewing the terms & conditions with customers, including the acceptable use of Microsoft products and services.

To support this requirement, we have enabled new functionality for CSP partners to confirm that their customers have accepted the Microsoft Cloud Agreement terms. As of August 7, 2018, there are two new options to confirm customer acceptance:

- 1. Partners can use the Partner Dashboard to confirm customer acceptance.
- Partners can use the Partner Center API to programmatically confirm customer acceptance.

Make sure you're prepared to meet this requirement before Nov. 7, 2018!

Questions? Email MSFTCSP@synnex.com to connect with our team.

Impacting all CSP partners:

Reseller MCA Acceptance Requirements

Key timeline and resources:

- From August 7, 2018, new dashboard capabilities and the Partner Center API are available to assist with this confirmation process.
- Starting November 7, 2018, partners will be required to provide confirmation of customer acceptance for all CSP customer orders. This will be a requirement; partners will not be able to make new purchases or edits to a subscription for new or existing customers until the partner confirms acceptance from the customer.

Next steps:

- Review the above resources
- Start implementing the required process
- Be prepared to meet this requirement before November 7, 2018
- If you have questions, please refer to the <u>FAQ</u>

For more information, please refer to the following resources:

- Frequently Asked Questions
- <u>Confirm customer acceptance of Microsoft</u> <u>Cloud agreement</u>
- Get confirmation of customer acceptance of Microsoft Cloud agreement
- <u>Get agreement metadata for Microsoft</u> Cloud Agreement
- Agreement
- Agreement Metadata
- Instructions for confirming acceptance through the Partner Dashboard
- Partner Resource Deck

Sell Office 365 Government GCC

The best choice for government organizations with advanced IT requirements that want the flexibility to move to the cloud at their own pace.

Be productive anywhere

Provide users with the Office applications they know, optimized for their devices, so they can work their best wherever they are.

Simplify collaboration

Multiple options for team collaboration with online meetings and chat

Safeguard your data

Your data is segregated from commercial data, it is stored within the US, and access is restricted to screened Microsoft personnel.

Microsoft 365 Business: One subscription for Productivity + Security + Device Management

Microsoft 365 security suite advantages

Holistic security capabilities that can reduce the number of vendors you manage Individual components are purpose-built to integrate, which decreases TCO

Because security is built-in, deployment and on-going management is simplified Security tools are fed by trillions of signals to provide insights across the global Microsoft ecosystem

Standard integration capabilities connect to your other security tools (3rd party or homegrown)

Intelligent, adaptive security gives users more freedom in how they work, from anywhere on any device

Security capabilities only available in Microsoft 365 Enterprise E5

Recognize users and devices and dynamically change what level of access is allowed and how users authenticate based on parameters such as location, device risk, user risk or document confidentiality level

Control access to sensitive data, even when its shared outside of your organization or accessed via a 3rd party application

Discover shadow IT so it can be secured and managed, reducing your exposure to data leakage through inappropriate sharing and unsecured storage

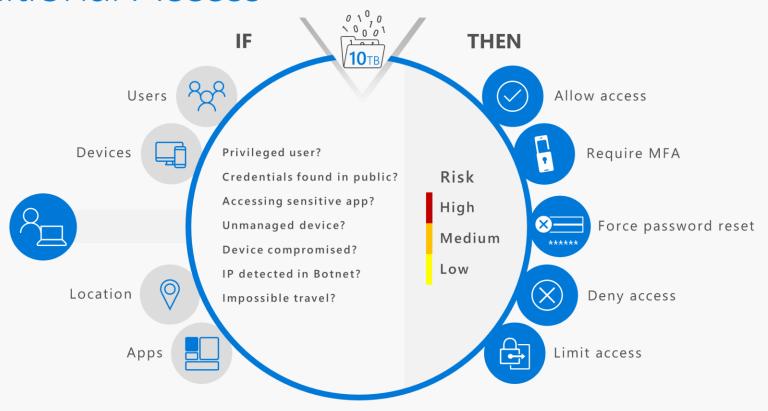

Security automation detects potential threats and correlates alerts to identify a specific attack vector, investigates and remediates threats, reauthenticates high-risk users, and takes action to limit access to data

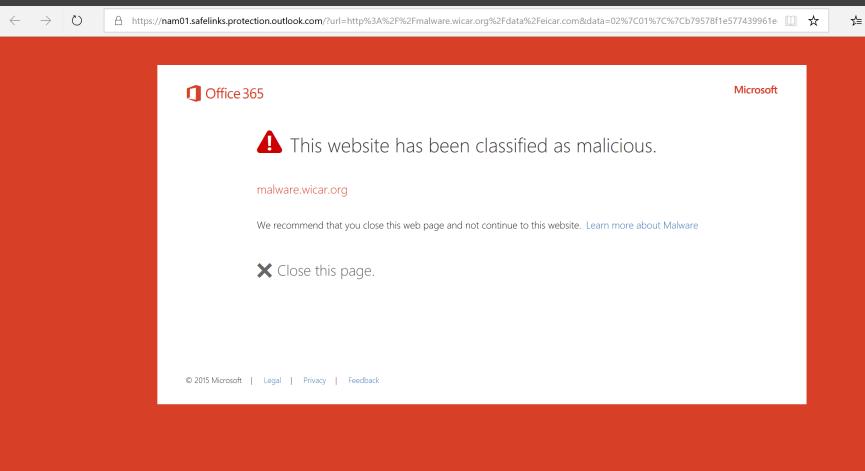

Because users log in with a single user ID to any application from any device from any location, you have the context to detect and investigate suspicious activities

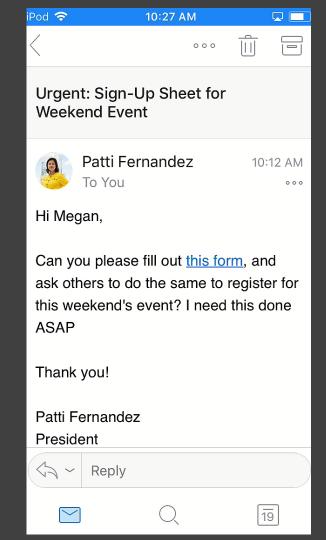

Protect at the front door with Conditional Access

Securing Microsoft Teams from unsafe links in chats and unsafe uploads

Office 365 ATP Extends into Teams to support Safe attachaments and Links!.

Audit activity in cloud storage (3rd party and Office 365) using:

Cloud App Security

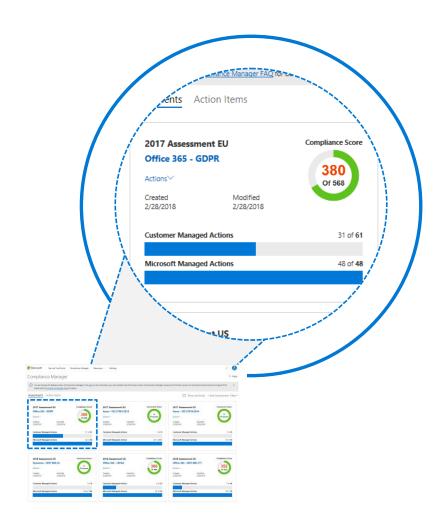

Azure Active Directory

Compliance Manager

Manage your compliance in one place

- View your compliance posture against evolving regulations in real-time
- Take recommended actions to improve your data protection capabilities
- Conduct pre-audits to prepare for external audits

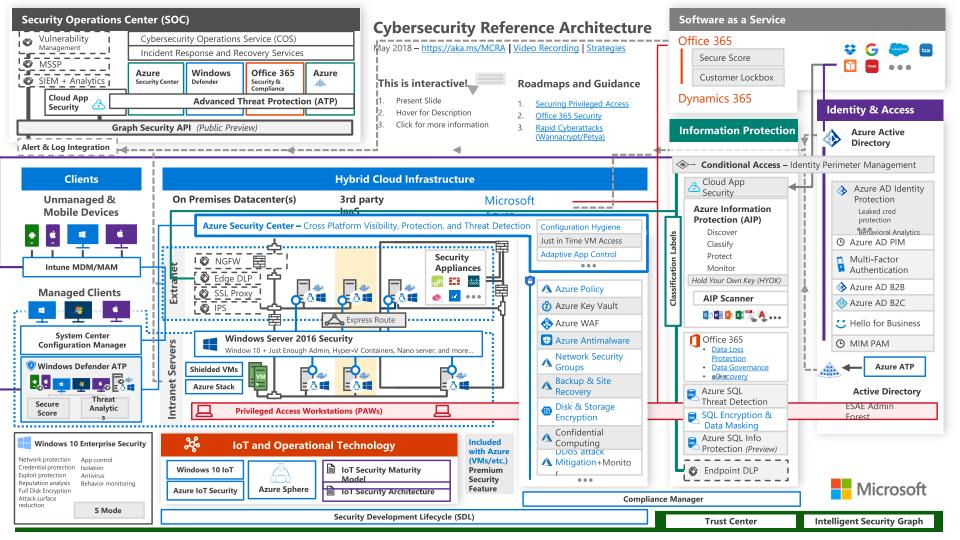

Compliance Manager is a dashboard that provides a summary of your data protection and compliance stature and recommendations to improve data protection and compliance. This is a recommendation, it is up to you to evaluate its effectiveness in your regulatory environment prior to implementation. Recommendations from Compliance Manager should not be interpreted as a quarantee of compliance.
