

Always-connected productivity

Meet Surface Pro X for Business

Ultra-thin and always connected

Go beyond expectations with blazing-fast, always-ready Surface Pro X. Stay one step ahead with our ultra-thin 2-in-1 that delivers the connectivity, battery life, and essential tools you rely on.

Connect to customers without interruption

Deliver a first-class customer experience anywhere with reliable, secure, and always-connected blazing-fast 4G+ LTE.² You're always ready for action with up to 15 hours of battery life,³ Instant On, and Windows Hello sign-in.

All screen for working anywhere

Your ideas take center stage on the brilliant, virtually edge-to-edge 13" touchscreen. Our thinnest Surface Pro ever¹ now comes in new device and keyboard* colors.

Remote work doesn't mean a compromise to customer relationships

Focus on your customers not your computer. Have options that help you work your best—from a touch-first, pen-enabled tablet to a portable studio, or a laptop with full keyboard that connects to your external displays. Be heard and be seen in video calls and virtual meetings with dual far-field Studio Mics, front-facing 5.0 MP HD camera, and Eye Contact.

Surface for Business unlocks more value

Give IT peace of mind with a removable hard drive. Surface customers save time and money with streamlined deployment, modern device management, and built-in, cloud-powered security.

³Surface Pro X: Up to 15 hours of battery life based on typical Surface device usage. Testing conducted by Microsoft in September 2020 (Surface Pro X with Microsoft SQ® 1 and Surface Pro X with Microsoft SQ® 2) using reproduction software and preproduction configurations of Surface Pro X. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing 8 popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel and Outlook, and (3) a portion of time with the device in use with idle applications. Tested with Windows Version 10.0.19041.1(20H1) and Edge version 85.0.564.51. All settings were default except screen brightness was set to 150nits with Auto-Brightness disabled. Wi-Fi was connected to a network. Battery life varies significantly with settings, usage and other factors. ⁵At this time, Surface Pro X will not install 64-bit applications that have not been ported to ARM64, some games and CAD software, and some third-party drivers or anti-virus software. New 64-bit apps are coming to ARM 64 all the time. Find out more in the FAQ. [FAQ info link to: <https://docs.microsoft.com/en-us/surface/surface-pro-arm-app-performance>]
