*Sold separately.

Set up secure classrooms to be successful anywhere

Reduce complexity for IT with zero-touch deployment, one-click device management, and protection from Microsoft.

Find essentials for your digital classroom

[Learn more](#) about introducing Surface to your school, students, and their families.

Surface Go 2 battery life: Up to 10 hours of battery life (up to 9 hours on LTE models) based on typical Surface device usage. Testing conducted by Microsoft in February 2020 using preproduction software and preproduction configurations of Surface Go 2. For testing details, see <https://www.microsoft.com/en-us/surface/devices/surface-go-2/tech-specs>. Battery life varies significantly with settings, usage and other factors.
